[한국P&G] Financial Analyst 신입사원 모집(경력우대)

DESCRIPTION

How would you like to join a world-class Finance & Accounting organization of a leading global company? Finance & Accounting at P&G plays a leadership role in strategy setting, decision-making, business planning and analysis across all aspects of the business.

YOUR TEAM

You will report to the Korea Sales Finance Director who is based in Seoul. As part of F&A team in P&G, you will work with a multi-functional team responsible for a channel or a key project. You will find tight-knit collaboration among team members and work environment where your perspectives are highly valued! The focus is to win as a team with strong individual contributions.

WHAT SUCCESS LOOKS LIKE

Your career is filled with meaningful, and diverse assignments intended to sharpen and expand your functional skills while building out your broader business and leadership skills. We focus on your development. Early in your career, there is a rotational assignment model where employees change assignments every 2 to 3 years. Over the course of your career, you will likely work in all areas including: Sales Finance, Brand/Region/Global Business Divisions and Corporate Financial Planning & Analysis. As you progress, you may have the opportunity to work globally ? via business travel or to complete a 2 to 3-year assignment in Asia, Middle East / Africa, Europe or Latin America. We want to build the career path that is right for you.

Along with meaningful assignments, you will be strongly supported from your manager, mentors and peers. You will receive training to help build your skills beyond what you will learn in your current assignment and to help advance your development as a leader in the company.

JOB RESPONSIBILITIES

On your first assignment as a Financial Analyst, you will work as the finance leader on teams with representatives from various other functions that is responsible for a channel. Within these teams, you will find strong collaboration among team members and an environment where everyone`s opinions are valued and encouraged to be shared. You will play a role in:

- Channel business strategy development and execution
- Channel financial analysis to drive superior cost-to-serve
- Market intelligence
- Stewardship

QUALIFICATIONS

- Bachelor`s or Master`s degree in Business, Finance, Economics or any relevant degree
- Legally eligible to work in Korea (either citizenship or F4 visa)
- 2+ years of relevant experience (preferred) of providing financial leadership in multifunctional teams with exceptional track record of success & making difference in previous roles
- Strong analytical thinking and skills
- Collaborate well with diverse groups of people
- English Fluency
