

2021 Goldman Sachs Engineering | APAC Tech Talks

Gain deep perspective on the financial industry and connect with inspiring engineers

Calling all code-breakers and puzzle solvers to join us.

Take your first step towards a career in Engineering!

What is blockchain technology and how is it disrupting the financial industry? How are we making Blockchain possible at Goldman Sachs?

Goldman Sachs invites students graduating between 2022 – 2024 to join our first APAC Tech Talks session of the year to learn about Blockchain.

During this session, our Engineers will share insights on the research and application of Blockchain. Students can learn about our technology and people that build the innovations that drive our business and financial markets.

To know more about the topic prior to the session, check out [Goldman Sachs Insights | Blockchain](#)
