- Good English communication (Speaking/writing/reading)
- Positive and proactive mind to approach job and handling complexity.

Johnson & Johnson announced plans to separate our Consumer Health business to create a new publicly traded company. The process of the planned separation is anticipated to be completed within 24 months, and it will be subject to legal requirements including consultation with works councils and other employee representative bodies, as required, and other customary conditions, and approvals. Should you accept this position, it is anticipated that, following conclusion of the transaction, you would be an employee of a new entity within New Consumer Health and your employment would be governed by New Consumer Health's employment processes, programs, policies, and benefit plans. In that case, details of any planned changes would be provided to you by New Consumer Health at an appropriate time and subject to any necessary consultation processes.
