

Amiral Gestion

ENTREPRENEURS INVESTIS

Intro

Amiral Gestion is an asset management company based in Paris, Madrid, and Singapore. It manages more than \$4bn of its clients' assets with a fundamental value investment approach in global equities.

You are a value investing enthusiast, you have read "The Warren Buffett Way" and are looking for a way to enter the asset management industry - then we should talk. We are looking for a Financial Analyst Intern for our Singapore office.

We are a partnership of highly motivated individuals, with limited hierarchy, and we cultivate a culture of meritocracy and low ego leadership. We believe this Team Working spirit has been a key ingredient for our historical track record (Sextant PEA +16% CAGR since 2002 post fees). Our secret ambition is to build one of the greatest teams of investors and hope you will join us on this journey.

We offer 6 months internship program based in Seoul or Singapore starting in June or July 2022. This program will enable you to discover our business and your own abilities for investing. We are recruiting on a rolling-basis throughout the year.

Your responsibilities

You will be asked to assess the attractiveness of potential investment targets by analyzing their business model, strategy, competitive environment in addition to a thorough analysis of their financial accounts and company valuation. Your insights will help us make long-term investment decisions.

Desired candidate profile

- Inquisitive and independent mindset and attention to detail are of the utmost importance.
- Strong knowledge of accounting, financial analysis, and company valuation.
- Capacity to quickly analyze and synthesize information from a variety of sources.
- Good communication and time management skills.
- It is necessary that the candidate is a native speaker in Korean and has fluent or advanced proficiency in English.
- Longer-term commitment are highly preferred.

Description

You will be working closely with a manager based in Paris to build a portfolio of investment ideas to initiate and buy. The primary coverage will be the Korean market, but there will be opportunities to work on other global names depending on preference and abilities.

The intern will start working in Korea primarily through Zoom calls and emails. The manager will be in Korea for the summer, at which time the intern can work closely together.

The goal is to foster a long-term relationship that can extend beyond the internship.
