GOLDMAN SACHS

2023 Summer Analyst - Controllers Division

ABOUT GOLDMAN SACHS

Goldman Sachs is a global investment banking, securities and investment management firm. We provide a wide range of services to a substantial and diversified client base that includes corporations, institutional investors, governments, non-profit organizations and high net worth individuals. Our headquarters are in New York, and we maintain significant offices in London, Bangalore, Mumbai, Tokyo, Hong Kong and other financial centers around the world.

ABOUT OUR ROLES IN CONTROLLERS DIVISION

The mission of Controllers is to ensure that the firm meets the financial control and reporting obligations of a global, regulated and public financial institution. As part of the firm's 2nd line of defense, Controllers provides the critical analysis required while ensuring the internal and external financial information of the firm is accurate. Additionally, Controllers serves an important role in safeguarding the assets of the firm through the independent scrutiny of the financial information. Through its strong culture of control and challenge, Controllers helps to protect the firm from reputational and other risks while also engaging regularly with the firm's regulators and auditors.

JOB RESPONSIBILITIES

The primary mission of Controllers is to ensure that the firm meets the financial control and reporting obligations of a global, regulated and public financial institution. The Controllers team is responsible for the financial and regulatory reporting functions for the firm's various subsidiaries in the Asia Pacific region.

Primary responsibilities include:

- Financial Reporting—maintain the books and records under USGAAP for firm's consolidated reporting and IFRS for local statutory reporting.
- Regulatory Reporting— prepare semi-annual & annual audited financial statements, annual tax return and other statutory filings; prepare and file monthly regulatory reports; perform analysis of regulatory requirements for proposed new businesses/specific trades.
- Collaborate with Tax department to ensure compliance and proper risk management of tax obligations.
- Ensure that control standards are maintained and documented.
- Work closely with other areas within Controllers, both in Singapore and globally, as well as with other divisions.
- Participate in cross-divisional projects for new business initiatives.
- Coordinate with relevant departments and regional offices for local requirements.
- Develop a broad understanding of the securities business and financial products.

BASIC QUALIFICATIONS

- Graduating between August 2023 to July 2024 with a Bachelor's degree or above.
- No full-time work experience (excluding internship experience).
- Good PC skills (particularly with Excel).
- Strong communicator and fluency in English.
- Strong control mindset.
- Independent, self-motivated and the ability to problem-solve.
- Ability to work under pressure and willing to take on extra responsibilities.
- A team player who can work effectively with Business and other Federation teams.
- Strong analytical skills and detail oriented.
