

Some careers have more impact than others

Local Graduate Programme in Global Banking

We welcome graduates who will bring fresh perspectives and knowledge to our business. Our programme is designed to stretch and challenge you, while providing the skills and experience to help you progress your career and contribute to HSBC's continuing success.

Whether your degree relates to finance, science or the arts there is a place for you on our Global Banking Graduate Programme. Your skills and fresh ideas will help you establish an exciting career in a Global Banking Korea.

Under this programme, you'll rotate across the teams within Korea Global Banking and other related teams and have plenty of opportunities for continuous learning and people to support you so that you're well prepared for your future.

As a Graduate Analyst, you'll support relationship bankers who manage client relationships and conduct analysis on profitability, risks and other factors involved in transactions. You'll be responsible for researching and understanding clients for the purposes of developing business and managing risk.

Following your successful completion of the programme you'll have the opportunity to build a long-term career through a breadth of roles across different teams within Korea Global Banking.

Duration : 24 months, 2-4 rotations specific to business
Programme start date: March/April 2023

Entry Criteria :

- Work experience up to 2 years (including internship)
- min 3.2 out of 4.0 GPA
- Fluent in both Korean & English
- Be self-motivated with strong planning and organising skills.
- Be creative, flexible, resilient and have the ability to think out of the box.
- Have strong communication, interpersonal and analytical skills.

Application deadline: 25 Jan 2023

*This is a local programme and curriculum is different from global graduate programme.
