

Political science major.
Problem solver.
Dog lover.

Let's chat about what you're into, and where you see yourself.

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. Even if you have never imagined a career in finance, there's a place for you here.

For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

This event invites participants to our Korea (Seoul) office to provide an exclusive opportunity for students to get to know the business in **Investment Banking** and **Operations**, meet the teams, and familiarize themselves with the industry and our culture of diversity from the office visit. We will also provide an opportunity to network with our representatives from the businesses directly. We will also give an overview of the opportunities for our 2024 Summer Internship Program in Investment Banking and Operations.
