

# 2024 Goldman Sachs Asia Control, Finance and Operating Functions - Controllers Workshop

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. Even if you have never imagined a career in finance, there's a place for you here.

Controllers expertise around evaluation of business performance and allocation of scarce financial resources plays a leading role in determining strategic priorities for the firm. With a unique in-depth knowledge of the firm's role transacting with clients in complex financial markets across the globe, Controllers employees can develop their careers across multiple functions within the firm.

This workshop is a continuation of the event 2024 Goldman Sachs Asia Control, Finance and Operating Functions Information Session, on September 5, 2024. Please ensure you have applied to the aforementioned event before applying to this virtual workshop.

Selected participants will work through a hands-on case-study, and present to a panel of professionals. Participants will gain a fundamental understanding of the skills required to thrive in Controllers. Interested? We'd love to meet you.
