At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. Even if you have never imagined a career in finance, there's a place for you here.

Internal Audit ensures Goldman Sachs maintains effective controls by assessing the reliability of financial reports, monitoring the firm's compliance with laws and regulations, and advising management on developing smart control solutions. Our group has unique insight on the financial industry and its products and operations.

This workshop is a continuation of the event 2024 Goldman Sachs Asia Control, Finance and Operating Functions Information Session, on September 5. Please ensure you have applied to the aforementioned event before applying to this virtual workshop.
