

Ark & Partners Private Equity Internship

Company Profile:

ARK is a leading Korean private equity firm focused on growth buyout investments in technology, technology-enabled and other fast growing disruptive industries. Founded in 2020, ARK seeks to partner with visionary entrepreneurs and deeply engage in the operations of our investments to deliver significant impact. Notable among our investments are Remember, the leading online professional recruiting platform in Korea, and Kasina, the leading streetwear retailer and lifestyle brand in Korea.

Position Description & Responsibilities

ARK is looking to offer 3-6 months internship opportunities, commencing in November 2024. Over the course of the internship program, interns will work closely alongside ARK's professionals to assist in the assessment and execution of growth buyout investments across the entire spectrum of our investment process, including investment thesis development, financial modeling and commercial due diligence. Additionally, interns will assist in monitoring current investments.

Qualifications:

Candidates must embody the following: integrity; intellectual curiosity; and strong work ethics. In addition, an ideal candidate will have strong analytical skills; research abilities; strong communication skills; and comfort working in a high functioning team environment. Knowledge of private equity and prior internship experience at an investment bank, consultancy, or private equity firm are preferred.

Application:

Candidates who are interested in applying for the internship opportunity should submit an English resume to hr@arknpartners.com. In the subject of your application email, please use the following format: [ARK Internship Application] Your Name.
