How (Not) to Train a Neural Network

Presented by: In Young

Machine learning in an applied setting often goes quite differently than in the classroom or a purely research environment.

Inspired by a variety of real-life examples from finance and beyond, we'll discuss some ways LLMs and other deep learning models can go off the rails in surprising ways.

Friday, March 20
12:30pm - 1:30pm
SNU - On Campus

Sign up here by EOD on Wednesday
March 18. We will confirm all
attendees by EOD on Thursday,
March 19.
